Multilateral Agreement RID 3/2009

under section 1.5.1 of RID concerning the carriage in steel pressure receptacles of chlorosilanes, assigned to packing instruction P010

- (1) By derogation from the provisions of 4.1.3.7, chlorosilanes, assigned to P010, may be carried in pressure receptacles, provided that the general provisions of 4.1.3.6 are met and that they are made of steel.
- (2) The consignor shall enter in the transport document:

"Carriage agreed under the terms of section 1.5.1 of RID (RID 3/2009)".
- (4) This agreement shall apply to transport on the territories of those COTIF Member States which have signed this agreement up to 31st December 2012, unless it is revoked before that date by at least one of the signatories, in which case it shall remain applicable only for transport on the territories of those COTIF Member States which have signed but not revoked this agreement, up to that date.
